## Head of the Riverfront

Michael Langan, Terry Wilson, Simon DeSantis, Chelsea Dowe, Rob Baham (coxswain, with back to camera)

We're thankful to all who attended the Head of the Riverfront. The crews, their coaches, their families and friends enjoyed the event, the weather was spectacular, and the racing quite competitive.

Regatta preparations underway

Despite the disappointment of losing so many teams in storm-damaged towns, our park, program, and boathouse were showcased in the best possible light.

Flooding and dangerous debris forced the postponement of the 13th annual Head of the Riverfront Regatta until November 6th this year. Riverfront Rowing's community of volunteers coped with a change of date and venue to pull off a very successful event.

The Regatta only succeeds through the support of all the volunteers with their huge contribution of time and energy.

Rowers take to the water at the Head of the Riverfront

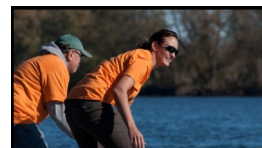

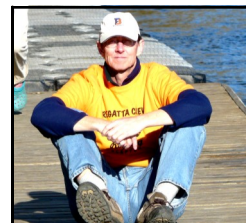

## Volunteers

Over 130 people volunteered to make Riverfront's rowing program a success this year. You put the *community* in our Community Rowing Program, and we couldn't do it without you. Thank you!

# Riverfront Recapture Community Rowing Report

## Riverfront Rowing Successes in 2011:

Our women's 4+ medaled at the Head of the Charles; the first Riverfront crew to medal at the world's largest regatta.

Our High School team successfully raised the money for its first boat.

This year's Row to Middletown was the most successful to date.

Everyone survived the seven floods and snowpocalypse.

Boathouse renovations were successfully completed, making the space safer and better organized.

Our men's team raced two 50+ eights at the Head of the Charles.

The recreational team grew to its largest size ever.

We purchased a new rowing trailer (that carries more boats and has electric lifts for upper levels), a Hudson 2x2-, ergometers, and a Vespoli 4+

## Riverfront Recapture Community Rowing

Well, we survived!

In fact, thanks to your help, we thrived. The weather negatively impacted the results of our adult and high school racers; limited the opportunity of our recreational rowers; decreased everyone's enjoyment and increased their frustration. But through it all nobody complained and everyone pitched in when asked. You all made the best of a historically unprecedented bad weather year, and we're so grateful!

## Adult Rowing Equipment Campaign Results

The adult rowing program at Riverfront Recapture has steadily grown with more than 320 people participating in 2011. Growing numbers of rowers means growing wear and tear on the equipment, and we're very grateful that our rowers have stepped up each year to cover those costs. We're very grateful for all of those who contributed to this effort!

## High School Row A Thon

On November 8th, more than 65 enthusiastic high school rowers took to the water to raise almost \$7,000 in support of Riverfront Recapture's High School Rowing program. Funds raised will support the purchase of much needed equipment. Thank you to all who supported our rowers!
